🌐 clrksanford

I am a highly independent critical-thinker with a passion for the arts and learning. As someone both process-oriented and creative, I enjoy the challenge presented by Web Development of using very linear, analytical programming languages to make unique, aesthetically-pleasing user experiences. As a literature major, I am an excellent critical-thinker and communicator. I think creatively to come up with innovative solutions to problems and am able to set out on a path of action with limited instructions or guidance.

Projects

Date Night

- Full-stack web application built using Node.js, Express, MongoDB, and Auth0
- First group project at General Assembly; built over the course of 5 days
- App pulls from APIs to suggest date ideas, which users can save and modify in their personal profiles

Dance-Finder

- Full-stack web application built using Node.js, Express, and MongoDB
- Scraped local dance community websites to seed database with event information
- Allow users to query mLab database and see results

Employment

UNC Hospitals (Smither & Associates Staffing Agency) Chapel Hill, NC Bilingual Medical Scheduler (temp)

- Exceeded management's expectations for call metrics by handling 99% of all calls presented and making sure patients were not left waiting in queues
- Revamped fax referral process to 1) track progress through to completion and 2) keep external providers informed of the status of their referrals

Luis Cernuda Bilingual Primary School Madrid, Spain ESL Teaching Assistant

- Collaborated with Spanish co-teachers to create and execute lesson plans, activities, and presentations for three classes of 15–30 students each
- Engaged children's attention during daily routines by improvising games and activities, adding my own personal flair to the given teaching materials

UNC Music Library Chapel Hill, NC Desk Assistant

- Greeted visitors, responded to telephone and in-person requests for information, and aided diverse user groups in navigating online catalog and locating resources
- Commended by supervisors for accurately identifying significant information in item records and communicating it with clear, thorough, concise notes
